

The Real Estate Lead Capture Guide

Stop losing buyers and sellers to slow follow-up. Capture, qualify, and route leads 24/7 with AI agents.

Speed wins in real estate

Calling a lead within 5 minutes makes you 21x more likely to qualify them. After 30 minutes, your odds drop by 80%. Most agents miss calls while showing homes, in meetings, or after hours. Every missed call is a listing that walks away.
